

**Is your doctor a member of the
Sangamon County Medical Society?**

The Sangamon County Medical Society (SCMS) is a professional membership organization dedicated to the health of our community. The SCMS is an advocate for the highest standards in medicine. All members have had their training and licensing confirmed as a condition of approval for membership. As members of the SCMS, these physicians support the highest standards of care and ethics and protection against harm.

SCMS is the second largest medical society in Illinois. SCMS offers a community physician referral service. Call (217)726-5106, or visit the SCMS website at www.scmsdocs.org for help to find the right physician to meet your needs.

Is your doctor an SCMS member? Thank your doctors if they are members. If they are not, encourage them to join.

Most of our SCMS members are also members of the Illinois State Medical Society (ISMS). The ISMS is a professional organization that represents and unifies its physician members throughout the State, as they practice the science and art of medicine. In addition to its advocacy for patients and member physicians, the ISMS promotes the doctor/patient relationship, the ethical practice of medicine, and the betterment of public health. ISMS represents physicians in all specialties, including SCMS members. For more information about ISMS or to access patient resources, visit www.isms.org.

Sangamon County Medical Society physician members with active practices by specialty are:

ALLERGY & IMMUNOLOGY

Renu C. Govindaiah, M.D.

Springfield Clinic

(217) 528-7541
